## FIREFIGHTER CONVERSION PROGRAM

With the Firefighter Conversion Program, members now have the opportunity to choose between three programs. This on-line process is simple, easy to use and affordable.

When being an active member of the Fire Department, most likely benefits are/were provided by the Municipal Fire Department protecting the active member for On Duty Coverage as well as Off Duty Coverage. Once the member leaves and no longer is an active member of his/her Fire Department, these benefits will cease. Too many times, these benefits are very expensive to take on as an individual when leaving the group.

	Plan 1	Plan 2	Plan 3
